

Narrow Headrest

The radiolucent Narrow Headrest with its elongated tapered edge provides easier temporal and over-the-brow access to the head area for ophthalmic, ENT, neuro and plastic surgery. This fixed height headrest fits into the STERIS surgical table's back section or leg section via the Eye-ENT-Neuro Adaptor (sold separately). The optional Wrist Rest (BF593) attaches to the Narrow Headrest to support the surgeon's hands during long procedures. 2" pad included.

Required products: Eye-ENT-Neuro Adaptor (BF185, BF173, BF309)

COMPATIBLE WITH

5085 SRT - 4095 - 5095 - 7080
